NOTICE ABOUT DECISION – STATEMENT OF REASONS

PLANNING ACT 2016 & THE PLANNING REGULATION 2017

This Notice is prepared in accordance with s.63(5) and s.83(7) of the *Planning Act 2016* to inform the public about a decision that has been made in relation to a development application. The purpose of the Notice is to enable a public understanding of the reasons for the planning decision, specifically having regard to:

- the relevant parts of the Planning Scheme and Assessment Benchmarks against which the application was assessed; and
- any other information, documents or other material Council was either required to, or able to, consider in its assessment.

All terms used in this Notice have the meanings given them in the *Planning Act 2016*.

REASONS FOR THE DECISION

The proposed development is considered to be consistent with the relevant overall outcomes of the planning scheme, in particular:

- The development does not compromise the long term sustainability of agricultural use, given the proposal will result in the creation of allotments within the minimum lot size and frontage parameters set out within the Planning Scheme;
- The development will not result in a material change in the way the land is used;
- The development is not considered to result in an incompatible land use intruding on (or compromising) the development and continuation of the primary use of the lots;
- The development will not compromise riparian vegetation and stream bank stability, remnant areas of native vegetation;
- The development provides allotments that facilitate the existing uses at an intensity appropriate to the existing use of the land and local area; and
- The proposal does not change the existing access arrangements to the allotments.
