Subject: No to the Mt Fox BESS proposal

You don't often get email from buzzard.belle@bigpond.com. [Learn why this is important](#)

The impact of this proposal is already affecting people's mental health and financial security in the immediate area impacted, including surrounding areas. People who have purchased property in this beautiful location did so without the thought that their families' futures could be altered so detrimentally that they may have to consider moving. No longer is a person's home their sanctuary.

STOP the impact on Australian lives and our precious environment before Mt Fox becomes an eyesore due to another poorly thought-out solution.
